celebrating human diversity

Medications Brought to Camp

Please do not send **over the counter** medications to camp as it clutters up the infirmary and makes more drugs for the nurses to track. *This does not include Vitamins. It pertains to drugs such as Tylenol, Advil, and Decongestants etc.* We have a large selection of **over the counter** medications that will be dispensed when deemed necessary.

All medications must be handed in at the front office when checking in and needs to be in the original bottle/packet with the correct instructions on the label. Please put all bottles/packets in a plastic bag with the campers name on the bag. Please make sure there is enough medication for the entire time your child is in camp. It is difficult for us to refill prescriptions and you may have to pay full price as not all insurance plans are accepted in the small town pharmacy we use.

Campers *and staff* are not allowed any medications in the cabin and this includes **over the counter** medications.

Our medical staff manage and dispense all medications, according to the instructions printed on the bottle.
