

HORSEBACK RIDING PROGRAM

Horseback at ILC has been designed for everyone and anyone with an interest or love for horses! Whether you're an experienced equestrian, or have never sat on a horse before, we can cater for your needs at ILC. Our 10 horses, ranging from Shadow the tiny but cheeky pony, to Quint the gentle giant, we will find your perfect best horsey friend! Activities range from skills lessons in our arena to relaxing trail rides around our beautiful camp.

Our highly skilled and versatile counselors are on hand to educate and inspire on a variety of topics, from showjumping and dressage, to stable management and barrel racing. We also run daily activities that allow campers to interact with the horses from the ground, from grooming and braiding to lunging lessons and pet the pony!

PRICING

\$75 / Week

2-3 Lessons

Fully Refundable in the Event the Camper Does Not Do the Lessons

MEET THE DEPARTMENT HEAD!

Rachel Sutton
(United Kingdom)

This will be my fourth summer running the horseback program at ILC. I have been fortunate enough to grow up in the saddle, owning my own (rather naughty) pony and successfully competing in all pony club activities up to the age of 12, when I decided to focus purely on show jumping. I had a lot of success in junior and young rider competitions, competing at national and international championships. After finishing school, I went on to study a BSc(Hons) Equestrian Sports Science at the prestigious Hartpury College in England. This provided me with an in-depth knowledge of everything from equine anatomy, to advanced coaching techniques. I also hold a UK Coaching Certificate allowing me to teach horseback riding. I now spend my winters working with horses in England, coaching, riding and grooming, as well as transporting them around the country and Europe!
