Horseback Riding Lessons

Horseback at ILC has been designed for everyone and anyone with an interest or love for horses! Whether you're an experienced equestrian, or have never sat on a horse before, we can cater to your needs at ILC. From our 10 horses, ranging from Shadow the tiny but cheeky pony, to Quint the gentle giant, we will find your perfect horsey partner in crime. At ILC we focus mainly on English style riding, in which our activities range from skills lessons in our arena to relaxing trail rides around our beautiful camp. Our highly skilled and versatile counselors are on hand to educate and inspire on a variety of topics from show jumping and dressage, to stable management. We also run daily activities that allow campers to interact with the horses from the ground, grooming and braiding to lunging lessons and pet the pony!

Signing up for Horseback riding lessons schedules your camper for a 1 hour lesson every other day. This is in addition to the campers 3 primes. At the start of each session our equestrian staff will place each camper in riding groups with kids of similar abilities and goals.
